

Technical instructions

Follow the instructions to customize your lanyard with our online designer using our template.

Side 1

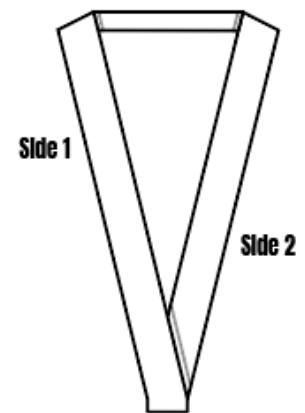

Side 2

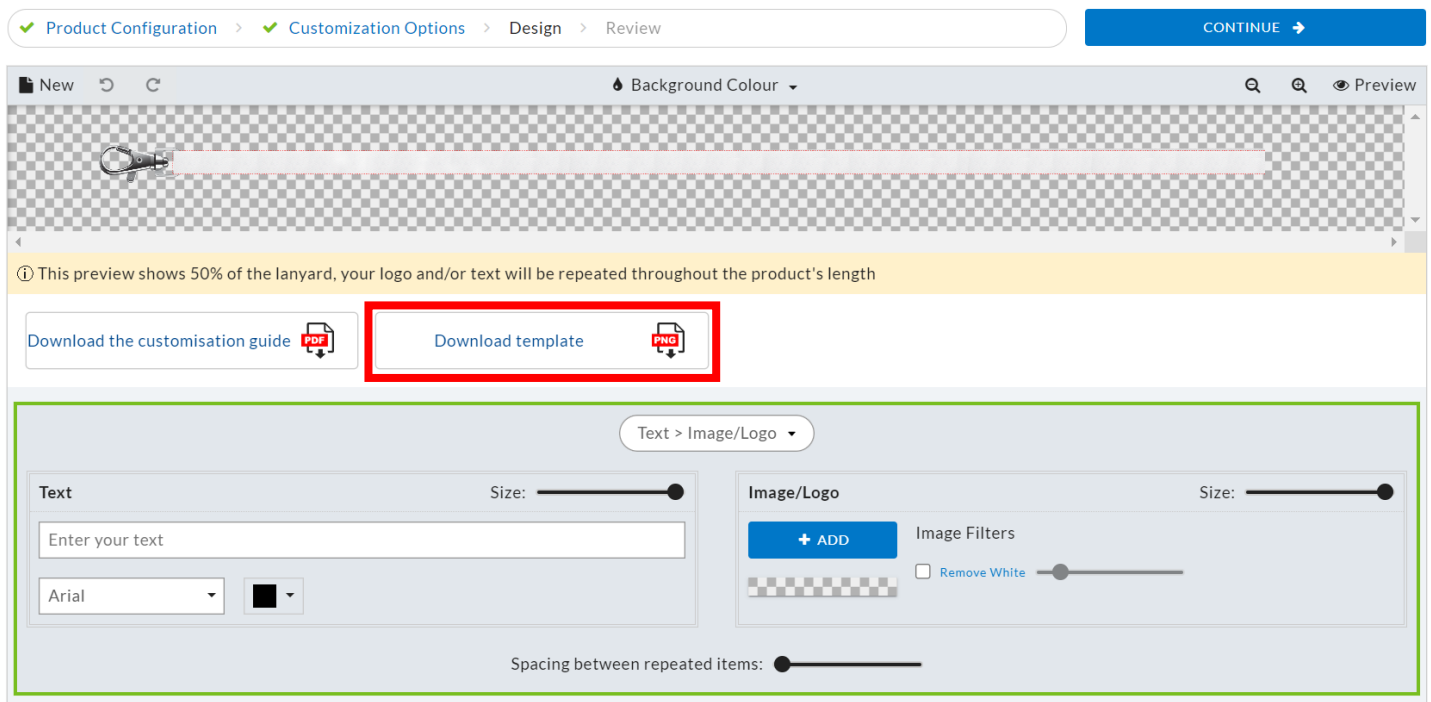

..... Print area

The template we provide you with corresponds to side number 1 of the lanyard, your personalisation will automatically be replicated on side number 2. Only the front side will be printed, for double-sided printing please contact us.

1. Download the template

Download the template by clicking on the “download template” button or via the following [link](#).

2. Customize the template

Customize the template by adding your own texts and images. The template only fits one side of the lanyard, your personalisation will automatically be replicated on the other side.

3. Upload your template online

When your template is ready, you can upload your file by clicking on the “add” button:

The screenshot displays a web-based customization interface for a lanyard. At the top, a breadcrumb trail shows the progression: 'Product Configuration' (checked), 'Customization Options' (checked), 'Design', and 'Review'. A blue 'CONTINUE' button with a right arrow is positioned to the right. Below this is a design preview area with a grey and white checkerboard background. A small image of a lanyard clip is visible on the left. A yellow information bar states: 'This preview shows 50% of the lanyard, your logo and/or text will be repeated throughout the product's length'. Below the preview are two buttons: 'Download the customisation guide' (with a PDF icon) and 'Download template' (with a PNG icon). The main editing area is divided into two panels. The left panel is titled 'Text' and includes a 'Size' slider, a text input field with the placeholder 'Enter your text', a font dropdown menu set to 'Arial', and a color selection box. The right panel is titled 'Image/Logo' and includes a 'Size' slider, a blue '+ ADD' button highlighted with a red rectangle, an 'Image Filters' section with a 'Remove White' checkbox and a slider, and a small checkerboard preview. At the bottom of the editing area is a 'Spacing between repeated items' slider.

Please note that if the image you use is smaller than our template, it will be repeated all along the lanyard.

Drag or upload your file in the following window:

Add Image/Clipart

Upload

Clipart Gallery

 Image upload requirements: JPG or PNG, 300-600 dpi or more. Max. width: 4500 px. Max. file size: 2 MB.
